THE ORIGINAL MORRIS & Co

FOUNDED BY WILLIAM MORRIS IN 1861

William Morris

William Morris (1834 - 1896) William Morris, the great designer, poet, thinker and craftsman, was also known as the father of modern design in the latter part of 19th century in England. Morris found great values in the "pleasure of craft making" and the "beauty of natural materials," and this belief of his became a movement that spread throughout the world. Before long, it reached Japan in the Taisho period as a folk craft movement. About 120 years have passed since William Morris' s death, however, the "belief" that he left has been inherited wholeheartedly and his excellent designs and styles survive to this day in Morris & Co.'s interior decor, along with an aesthetic strategy. It is created continuously and distributed around the world. It seems that his quote, "Have nothing in your house that you do not know to be useful or believe to be beautiful," is still meaningful to us living in the present day.

The studio is collaborating with a wide range of international brands across the worlds of fashion, interiors, cosmetics, product design and publishing. Their clients include Comme des Garçons, Gucci, Clinique, USPS, TeNeues and IKEA. The publication of Kapitza's Geometric book in 2008 sparked a resurgence of geometric art in fashion, interiors and illustration, but the intelligence of their patterns and unique use of colour is unsurpassed.

Lisa Larson

She was born in Harlunda in Smaland region of Sweden in 1931. She entered The Gothenburg Ceramic Art School in 1949 when she was 18, she studied ceramic art there. In 1954, her graduation work at HDK School for Design and Crafts in Gothenburg was discovered by Stig Lindberg, which gave her the opportunity to work at Gustavsberg where Stig was working as the director of art. She played an important role in the start of the golden age of ceramic work in Sweden. In 1979, she left Gustavsberg where she had stayed and worked as a main designer together with Stig Lindberg and Karin Bjorquist for 25 years. During her time at Gustavsberg, she created over 300 works of art. After leaving Gustavsberg, in 1980 she started to work actively on a freelance basis, working for HAVgands,

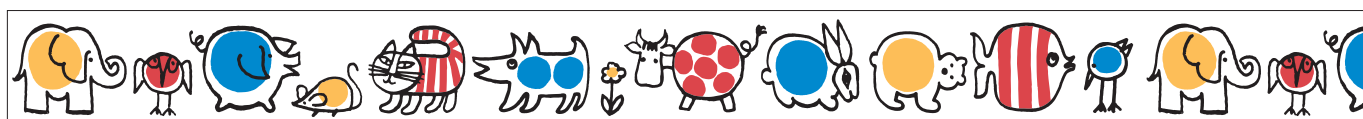

DUKA and jceramic. In 1992, she returned to Gustavsberg and opened her own ceramic studio. The number of collectors is increasing rapidly not only in Sweden but round the world. She has held exhibitions in many places around the world. She still continues her life as a creator. Lisa Larson is now an older lady who is always thinking about what is the "cutest" in the world. She is a ceramic artist representing Sweden and together with her husband, who is a painter, she lives as a ceramic artist in a forest a little far from the city center.
