

Make your own flowers bloom.

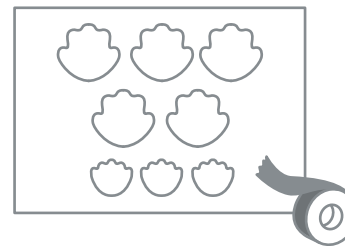

Flowers

Use a variety of shapes and patterns and make your own field of flowers.

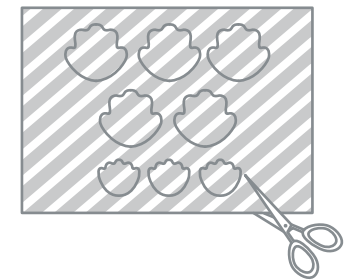

Time required	Approximately 30 minutes
Items to be prepared	Flower patterns/Wire
	Scissors

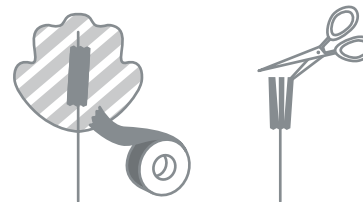

1. Create flower petals by adhering mt to the side of mounts, where patterns have not been drawn.

2. Cut the mount along with the pattern lines that appear on the backside.

3. Adhere wires to the back of each petal. Adhere mt to the central wire and cut it thinly with scissors.

4. Place flower petals around the central wire and adhere mt around the petals to bundle them.

Do not allow children to use scissors or cutters by themselves.
