

Time required	Approximately 20 minutes
Items to be prepared	Mask pattern/Rubber band
	Cutter/Scissors

1. Adhere your favorite mt on an animal mask.

2. Fold the protruding part of the mt onto the back side or cut it with scissors.

3. Use a cutter to cut out the eye positions.

4. In each of the holes on either end of the mask, insert one rubber band. The mask is then complete.

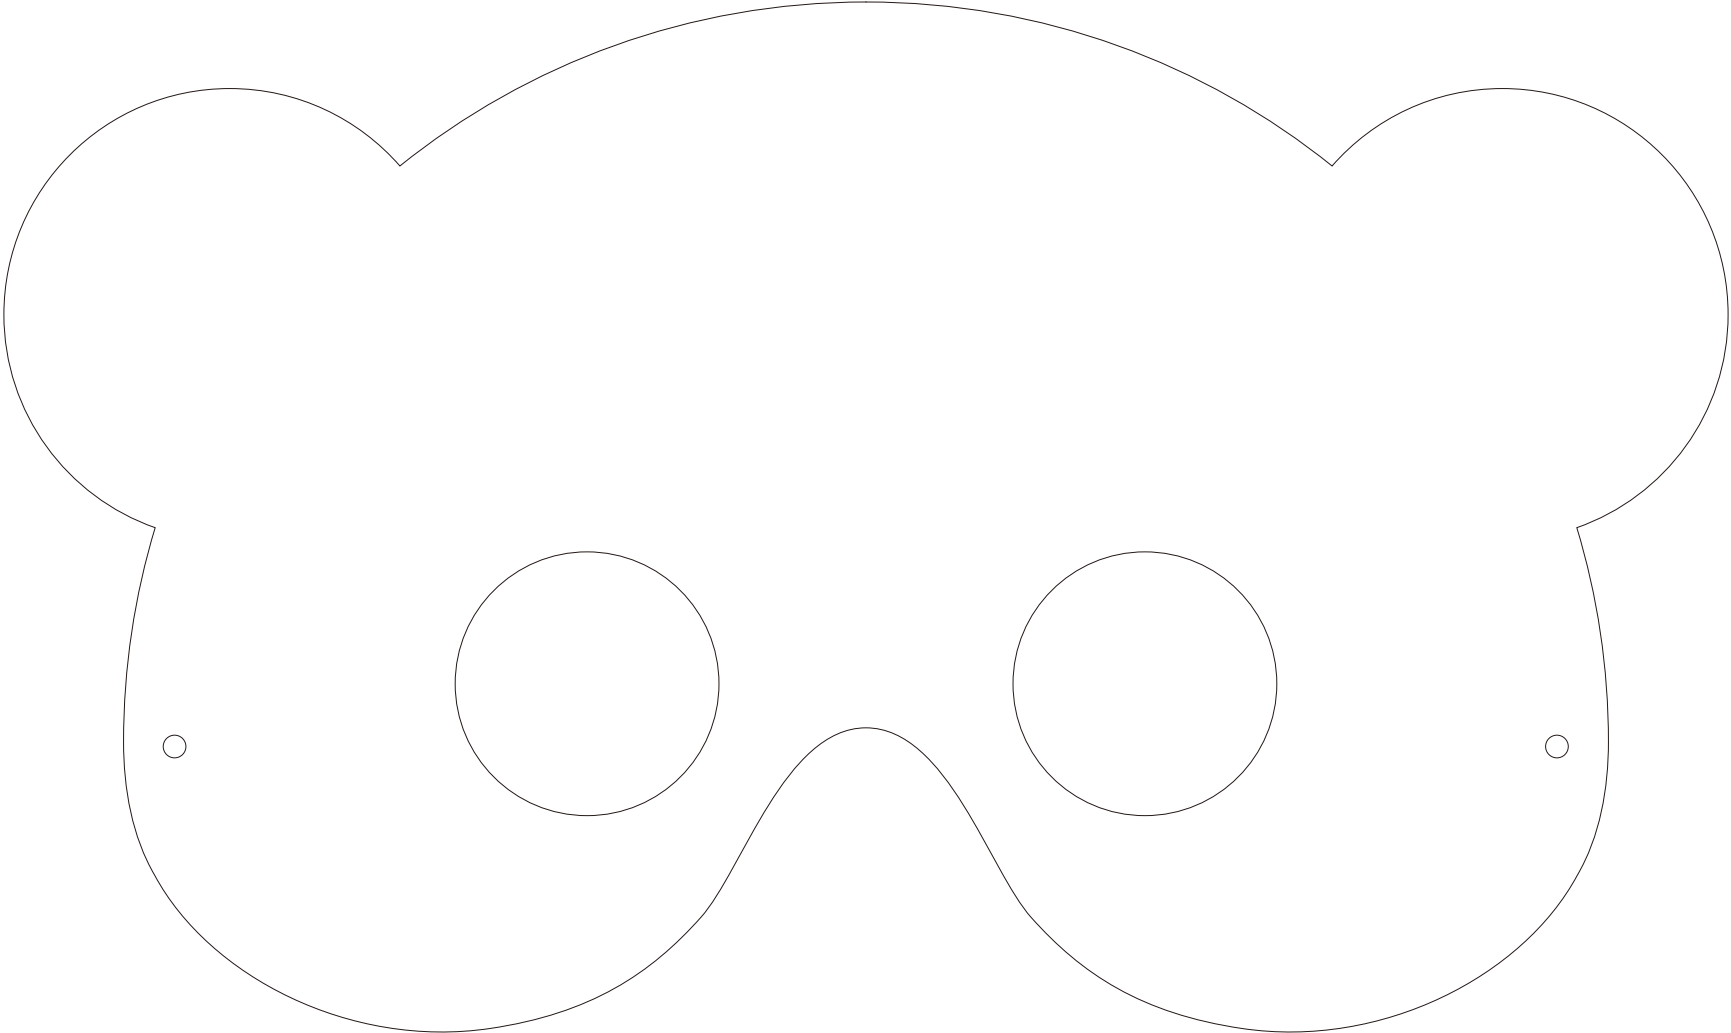

Making everybody smile Animal masks

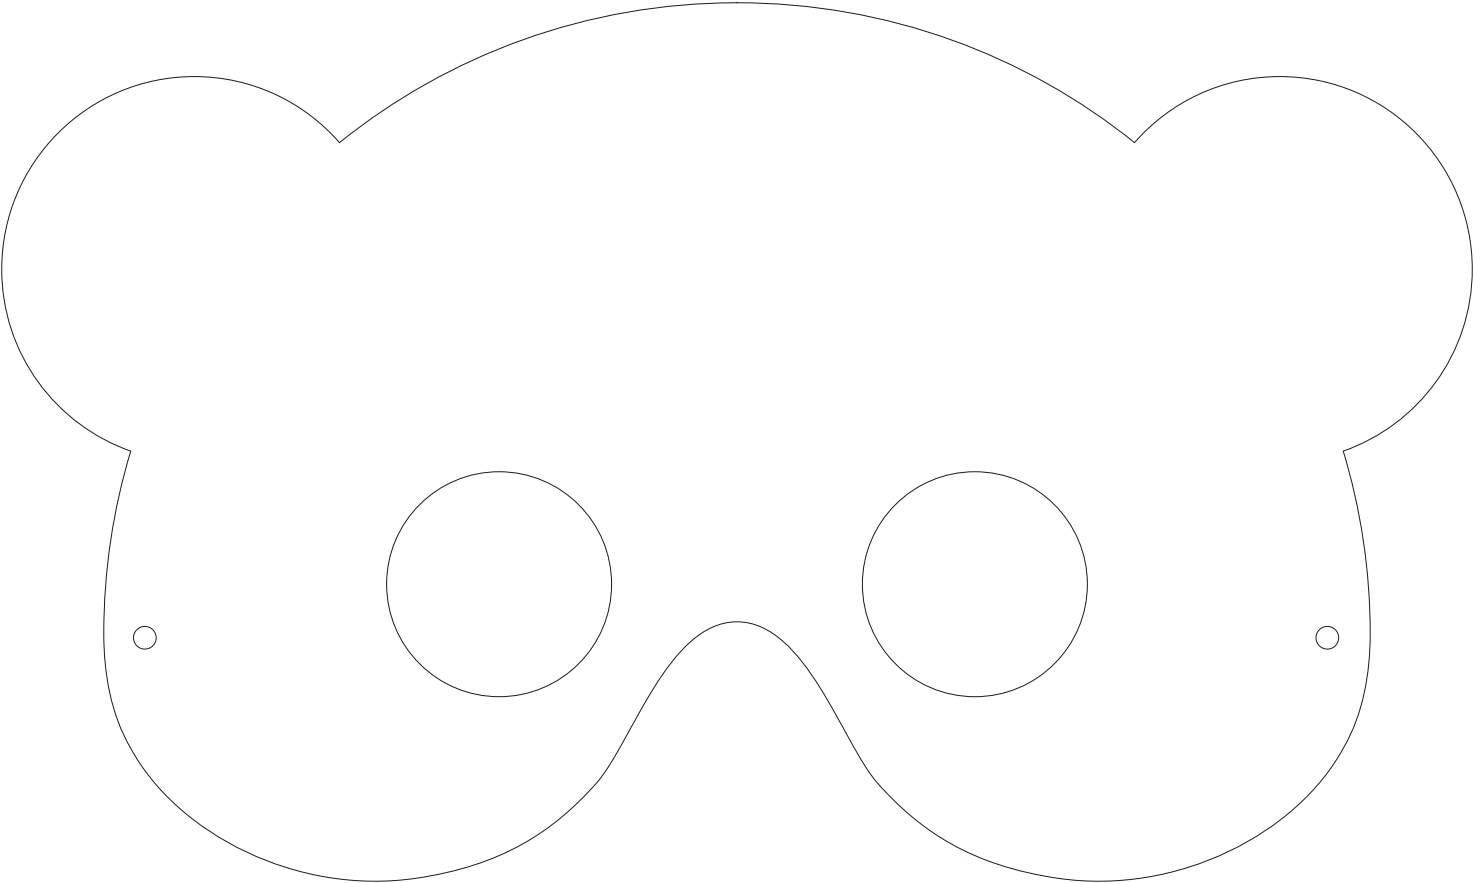

Choose your favorite animal.
Then, choose your favorite colors
and patterns for making a mask.
These masks look even more stylish
when children smile.

Do not allow children to use scissors or cutters by themselves.

Mask for adults

Mask for children A
